Key Vocabulary

accuracy: how close the object is to the given target

baton: equipment used in a relay event

control: being able to perform a skill with good technique

event: the name of different athletic activities

further: a greater distance

personal best: a target outcome of an individual

power: speed and strength combined

relay: a team of runners take turns to move the baton from start to finish

speed: how fast you are travelling

strength: the amount of force your body can use

technique: the action used correctly

Ladder Knowledge

Running:

Leaning slightly forwards helps to increase speed. Leaning your body in the opposite direction to travel helps to slow down.

Jumping:

If you jump and land quickly it will help you to jump further.

Throwing:

The speed of the movement helps to create power. So, moving from slow to fast will help you to throw further.

Movement Skills

- sprint
- jump for distance

It's all About the Pace

What you need: socks and a stopwatch or clock

How to play:

- Mark a track around your home using socks.
- How many times can you run around your track in 30 seconds?
- Can you double the distance if you work for 1 minute? How did that make you feel?
- Can you run your track without stopping for 6 minutes? Pace yourself to maintain a consistent speed.
- How many laps did you complete?

Notice what happens to the distance you complete when the time increases.
