

Year 4/5 – Geography – Spring 1 Knowledge Organiser

Map Skills – Four and six figure grid references

START here - finding a general location

1 Great Britain is mapped using the **National Grid** series of grids to help identify places

2 each grid or square
100 km across and identified by **TWO** letters - **TL** for example

3 ZOOM in The grid square TL is now divided into smaller 10km squares

Northings

Easting
number increases to the East ←

Haverhill can be found in the grid square
TL64 = 6 along and 4 up

(Read this one first)
